OBJECTIVE

Software Engineering Trainee, seeking full-time Software/Application engineer roles specialised in Front-end Development.

EDUCATION

B.Tech in Information Technology,

KTU University (Goverment Engineering College Palakkad), 2024
CGPA Score- 7.01.

Higher Secondary, Board of Higher Secondary Education, Kerala, 2019
Score percentage- 96.

SKILLS

Frontend Development	React.js, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS.
React Ecosystem	Component-Based Architecture, Hooks, Context API, State Management.
API Integration	REST APIs, JSON, Fetch API, Asynchronous Programming.
Responsive Design	Mobile-First Design, Cross-Browser Compatibility.
Version Control	Git, GitHub.
Backend Basics	Node.js, SQL, Python, Flask.
Web Fundamentals	Session Management, Cookies, LocalStorage, SessionStorage.
Developer Tools	Browser DevTools, Debugging, Network Analysis.

TRAINING

Front-End Development Hands-on Training — Noddesk Ongoing
Currently undergoing hands-on training in modern web development, focusing on React.js, component-based architecture, REST API integration, responsive design, Tailwind CSS, SCSS, JavaScript (ES6+), and Node.js fundamentals.

PROJECTS

EduCore – School Management System (Vanilla JavaScript ERP). Designed and developed a fully client-side School Management System with role-based dashboards for Admin, Teacher, and Parent. Implemented modular UI architecture, secure session management using Cookies, and persistent data handling via LocalStorage. Developed interactive interfaces, dynamic data rendering, and performance tracking modules using JavaScript (ES6+), HTML, CSS, and Browser APIs.

QuizMaster – Cookie-First-SPA. A fully client-side quiz and exam management system built without localStorage or IndexedDB. All application data is persisted using a custom Cookie-based storage engine with serialization, compression, and chunking, designed for restricted enterprise browser environments.

Green Gamify – Waste Awareness Game. Developed an interactive web-based educational game promoting waste management awareness. Implemented dynamic UI components, responsive design, and real-time data handling using Firebase. Built using JavaScript, HTML, CSS, and Firebase.

EXTRA-CURRICULAR ACTIVITIES

- Coordinated Technical Events in College Fest.
- Volunteered in Non Technical Events.

ADDITIONAL PARTICIPATION

- FOSSHACK hackathon contest conducted by FOSS Hack 3.0 —µLearn edition.
- Workshop on Full Stack Web Development held as a part of THATHVA'22 conducted by NATIONAL INSTITUTE OF TECHNOLOGY CALICUT in October 2022.

- Ideator in YIP conducted by K-DISC.

LANGUAGES

- English – Proficient
- Hindi – Conversational
- Malayalam – Native
